Encl: (1) 2025-2026 Hunting Season
(2) 2025-2026 Game Check Station Hours of Operation and Archery Qualification Test
Schedule

1. Situation. The Virginia Department of Wildlife Resources (DWR) has established the annual season dates for hunting and trapping. In accordance with the Sikes Act, Marine Corps Installations National Capital Region-Marine Corps Base Quantico (MCINCR-MCBQ) must set seasons within the framework established by DWR. The season dates, bag limits, and Game Check Station (GCS) hours of operation published in this bulletin are consistent with the military mission, Virginia law, and the conservation objectives contained in the MCINCR-MCBQ Integrated Natural Resources Management Plan.

2. Mission. To operate hunting, trapping, and fishing programs aboard MCINCR-MCBQ that adhere to all federal and state laws and are compatible with military training requirements.

3. Execution

a. Commander's Intent and Concept of Operations

(1) Commander's Intent. Hunting, trapping, and fishing will be provided to the extent allowable in keeping with mission security, safety, and good conservation stewardship.

SEP 12 2025

(2) Concept of Operations

(a) All hunting, trapping, and fishing regulations and procedures are contained in reference (a). These regulations and maps of hunting, trapping, and fishing areas are available online at: <https://quantico.isportsman.net/>. Hunters, trappers, and anglers aboard the base must review and adhere to the regulations and procedures.

(b) Hunting Season Dates and Bag Limits. Enclosure (1) provides the 2025-2026 hunting/trapping season dates and bag limits.

(c) Adjustments in Season Dates and Bag Limits. The Assistant Chief of Staff, G-F (AC/S G-F) is authorized by reference (a) to reduce, adjust, or close hunting, trapping, and fishing days in the event of inclement weather, elevated force protection conditions, or in consonance with good conservation practices. Unscheduled closures or adjustments to season dates and bag limits made after publication of this bulletin will be posted at <https://quantico.isportsman.net> and at GCS. Additionally, hunters can call the MCINCR-MCBQ weather hotline at 703-784-3638 for information on weather-related Base closures or at <https://www.quantico.marines.mil>.

(d) Game Check Station (GCS) Hours of Operation. The GCS hours of operation are contained in enclosure (2). Hunting on Sundays is now authorized, however, there will be no hunting on Tuesdays and Wednesdays and GCS is closed. Hunting is authorized each year on 11 November (i.e., Veteran's Day) even if it falls on a Tuesday or Wednesday. The GCS is closed on the following holidays with no hunting or scouting on Labor Day, Thanksgiving Day, Christmas Eve, Christmas Day, and New Year's Day.

(e) Scouting. Scouting is allowed daily from 4 September through 31 January and again from 21 March to 16 May. Scouting hours follow hunting hours Thursday-Monday. Scouting for game prior to its season opening and on Tuesdays and Wednesdays is limited to 0800-1600. Failure to check out of the training area by the designated time will result in suspension of your recreational privileges per reference (a). Scouters who do not check out of the training area are presumed lost or injured and search efforts are initiated if contact cannot be made.

(f) Early Hunting Reservation Schedule. While not required, MCINCR-MCBQ licensed hunters may attempt to make a hunting reservation on the day prior to a hunt. Early reservations start at noon for active duty and their dependents, 1215 for retired military and their dependents, and Department of Defense (DoD) civilian employees, and 1230 for non-affiliated civilians. Full details about the reservation of daily hunting locations are contained in reference (a). Waterfowl blinds will be available on a first-come, first-served basis starting at noon via iSportsman.

(g) MCINCR-MCBQ Access Policy. All personnel entering MCINCR-MCBQ to hunt, trap, or fish must be compliant with the base access policy. Those who are not DoD affiliated or do not possess a Federal Personal Identification Verification card, must acquire a Defense

SEP 12 2025

Biometric Identification System (DBIDS) card to access the base. Sportsmen must pre-enroll in the DBIDS system at <https://www.quantico.marines.mil/Info/Base-Access/>. For more information on this process, visit: <https://quantico.isportsman.net>.

(h) iSportsman. Checking in and out through iSportsman is required while participating in any hunting, scouting, trapping, or fishing activity on MCINCR-MCBQ. Seasonal and current information and announcements are updated through iSportsman. Register for an account at: <https://quantico.isportsman.net>.

(i) Permit Sales. MCINCR-MCBQ hunting, trapping, and fishing permits are sold on iSportsman. For the first time since 2005, the cost of permits will increase. The new prices of the following licenses: hunting permit \$40.00, trip hunting permit valid for five (5) consecutive hunting days \$15.00, annual fishing permit \$20.00, trip fishing permit valid for five (5) consecutive fishing days \$15.00, and annual trapping permit \$20.00. Youth under 18 years of age are eligible for licenses at no cost. All other individuals must purchase a license. The Director, Natural Resources Environmental Affairs can waive license fees for special events (e.g., wounded warrior events). Event requests for license waivers should be submitted to Head, Natural Resources Branch (john.rohm@usmc.mil).

(j) Deer, Turkey, and Bear Checking Procedures. All deer, turkey, and bear harvested on MCINCR-MCBQ must be checked electronically through DWR (e.g. DWR hotline 1-866-GOT-GAME (468-4263), <https://gooutdoorsvirginia.com>, or DWR GoOutdoors app), **and must be physically transported and presented to the GCS for data collection**. Hunters must still notch their tag or "e-notch" before moving the game from the place of kill and check it in with one of the DWR systems prior to presenting the animal to GCS staff. Hunters must record the DWR confirmation number on their deer, turkey, or bear license and show evidence of this to the GCS staff. GCS staff collect data from harvested game that assist installation biologists with managing wildlife populations. Collection of this data may require removal of jaw bones, lymph nodes, and/or whole heads of deer or feathers from turkeys.

(k) Chronic Wasting Disease (CWD) Procedures. Training areas in Fauquier and Prince William Counties fall within Virginia's CWD Disease Management Area 2 (DMA), where strict processing and transportation rules apply. Deer harvested in these areas must be processed at the Game Check Station before leaving the installation unless you reside in a DMA county. If a Training Area (TA) is only partially within the DMA, the entire TA follows DMA rules. Maps and requirements are available at the GCS or on iSportsman. While CWD has not been detected in local deer populations, GCS staff, in coordination with DWR, continue testing harvested deer. For more information about CWD in deer, please visit: <https://www.dwr.virginia.gov/wildlife/diseases/cwd/>.

(l) Assisted Hunting. Active-duty service members who are receiving treatment from military hospitals for combat related injuries, paralyzed veterans, individuals who have significant mobility challenges, and hunters classified as distinguished visitors (reference (b)), may request hunting assistance. Priority access will be given for designated assisted hunting locations, which may be temporarily or permanently restricted to other hunters. Requests must

SEP 12 2025

be submitted 72 hours in advance through Head, Natural Resources Branch (john.rohm@usmc.mil). Questions or requests for the distinguished visitor program should be directed to Director, Natural Resources Environmental Affairs (walter.christensen@usmc.mil).

(m) Lunga Reservoir. Lunga Reservoir is opened per reference (c). All access is currently through Lunga Park operated by Marine Corps Community Services (MCCS). See the MCCS Lunga Park website for access details and hours of operations, <https://quantico.usmc-mccs.org/recreation-fitness/recreation/outdoor-recreation/lunga-park>. Anglers fishing at Lunga will need to check in to iSportsman. Rules and regulations related to fishing and boating on Lunga will be posted at <https://quantico.isportsman.net/Lunga%20Reservoir.aspx>.

(n) Fishing Creel and Length Limits. VA regulations concerning the possession of game and nongame fish, reptiles, amphibians, and aquatic invertebrates are applicable and enforced at the installation. MCINCR-MCBQ follows the VA Creel and Length Limits for all fish species <https://dwr.virginia.gov/fishing/regulations/>.

(o) Trail and Game Cameras. Trail cameras that lack the capability to transmit images, videos, or data remotely are authorized during the scouting period defined in section (e) Scouting. Hunters can deploy up to five (5) cameras at one time across designated hunting areas. Hunters must report and obtain a Trail Camera permit from the GCS prior to deploying any cameras. All cameras will be clearly marked with owner's name and hunting permit number and the markings must be visible and legible while deployed in the field. Hunters are required to immediately delete any images or videos depicting military training or government assets and report any suspicious activity or individuals to Conservation Law Enforcement. Any violations of trail camera use regulations will result in confiscation of cameras, suspension of hunting privileges, possible federal citations, and notation in DBIDS profile. If you see a violation of trail camera regulation, do not handle the camera and report the location to Conservation Law Enforcement.

(p) Free Fishing Days. On days designated by DWR as Free Fishing Days, anglers who need an installation fishing license will be able to acquire a no cost permit via the iSportsman site. Anglers fishing under this permit still must follow all regulations.

(q) Blaze Color Requirement. Blaze colored clothing is no longer required for waterfowl hunters.

(r) Water Closures and Restrictions. Recreational access to MCINCR-MCBQ bodies of water may be subject to closure due to inclement weather and ice. Boat length restrictions for access and capability may be applied when necessary to protect public and emergency responder safety. Closures and current/daily restrictions will be posted at <https://quantico.isportsman.net/>.

(s) Obstructive Reservations. Hunters may not create reservations or check-in to an area without hunting that day. Sportsmen who consistently allow reservations to expire or exhibit excessive cancelations may be subject to administrative holds, loss of reservation privileges, and/or hunting privileges.

SEP 12 2025

b. Subordinate Element Missions. AC/S G-F (Natural Resources and Environmental Affairs Branch) will administer the hunting program per reference (a).

4. Administration and Logistics. Recommendations concerning the contents of this Bulletin may be provided to the Commander MCINCR-MCBQ via the appropriate chain of command.

5. Command and Signal

a. Command. This Bulletin is applicable to all personnel aboard MCINCR-MCBQ and MCINCR-MCAF Quantico. Contact the Conservation Law Enforcement Office at (703) 784-5218 or the Provost Marshall's Office, (703) 784-2252, if witness to any violation.

b. Signal. All land use restrictions are effective the date signed.

2025-2026 MCINCR-MCBQ HUNTING SEASON**MCINCR-MCBQ Season Dates and Regulations**

MCINCR-MCBQ hunting season dates, bag limits, and regulations may vary from Virginia hunting season dates. No fall hunting season aboard MCINCR-MCBQ will extend beyond 31 Jan, except the Youth & Veterans Waterfowl Day (7 Feb). See below for specific season dates.

Sunday Hunting

Hunting on Sunday is now permitted to be consistent with state law.

No Hunting and GCS Closed Tuesday and Wednesday**WHITE-TAILED DEER**

Youth/Apprentice Hunt	27 - 28 Sep	Either-sex. Firearms or Archery. Blaze orange or pink required.
Archery	4 Oct – 14 Nov	Either-sex. Base-wide.
Firearms*	15 Nov – 3 Jan	Buck-only except on designated either-sex days, (6 Dec and 3 Jan) and either-sex within Archery only Areas.

*Shotgun, muzzleloader, or archery tackle may be used during the firearms season outside of the designated Archery Only Areas, but hunters must abide by firearms either-sex dates and bag limits.

MCINCR-MCBQ will NOT participate in extended deer seasons in Fauquier, Prince William, and Stafford Counties.

MCINCR-MCBQ Deer Hunting Policies and Bag Limits

Antlerless Deer: Females (does) and male fawns (button bucks) having no polished antler protruding above the hairline.

Antlered Deer: Antlered deer must have antlers visible above the hairline. DMAP and antlerless tags may NOT be used on antlered deer.

Daily Bag Limit: 1 per day. Exception: Guests selected for a Wounded, Ill, and Injured (WII) Warrior Hunts may harvest 2 deer per day, one which must be antlered and one which must be antlerless. Deer harvested by these hunters count against their season bag limit. Antlerless deer taken on DMAP tags do not count against the daily bag limit.

Season Bag Limit: 3 per license year. Only 1 antlerless deer can be taken and no more than 2 antlered bucks (see definition above) can be taken at MCINCR-MCBQ during the 2025-2026 deer season. Any of the tabs on the Virginia deer license can be used at MCINCR-MCBQ so long as no more than 2 antlered bucks are harvested and the total number of tabs notched at MCINCR-MCBQ does not exceed 3. Antlerless deer taken on DMAP tags do not count against the season limit. With prior approval, hunters qualifying for assisted hunting may utilize a firearm in archery only areas.

Special Youth Antlerless Deer Regulation: The Virginia apprentice and youth antlerless deer regulation applies at MCINCR-MCBQ.

Special Muzzleloader Gun Season: There will be no muzzleloading gun season aboard MCINCR-MCBQ, with the following exceptions: from 1-14 Nov, persons requiring wheelchair for mobility may be assigned to Huntmaster stands and may harvest 1 deer per day, either-sex. Guests selected for WII Warrior Hunts may use a muzzleloading firearm and hunt either-sex. Volunteers assisting with these special hunts are not authorized to use muzzleloading firearms.

Deer Management Assistance Program (DMAP) Tags: MCINCR-MCBQ participates in Virginia's Deer Management Assistance Program. On MCINCR-MCBQ only the following Archery areas are open for DMAP: Mainside, TDSA, OCS (2A, 2B, 3, 4), 5B, 5C, 6A, 6C, 7C, 8A, 8B, 17C, and Camp Upshur. Only 1 DMAP tag may be used per day per hunter. DMAP tags can only be used on antlerless deer. Hunters will need to bring harvested deer to GCS and inform staff of DMAP deer. Deer tagged with DMAP tags will not count against either daily or season bag limits.

Bonus Deer Tags: Bonus deer tags, sold by the Virginia Department of Wildlife Resources, are not authorized for deer harvested aboard MCINCR-MCBQ.
