<https://www.quantico.isportsman.net> click on the **Login/Register**
link, and then click the **Register** tab near the top of the page.

The image shows the login/register form on the Quantico iSportsman website. At the top, there is a header with the 'iS Quantico' logo. Step 4: Continue filling out the form with the appropriate information and click continue.

Step 5: Enter the additional information requested.

When entering your address, be sure to list the one you are living at during your time recreating at Quantico

For vehicle information, list the vehicle you are **most likely** to be driving while recreating on MCBQ. After registration, you will be able to add more vehicles to your account if necessary; note that printed vehicle passes only display the vehicle you have listed as your default vehicle. You must print a vehicle pass for each vehicle you plan to use. You can change your default vehicle at any time.

In the section labeled ***Customer Type***, you must choose the customer type that best describes you. Please note that after your initial ***Customer Type*** selection, only staff can make changes to your ***Customer Type***.

Enter the remaining information and click ***Save***.

Step 4: On the Quantico Portal, a question will come up about your **Customer Type**. You must choose the customer type that best describes you. Please note that after your initial **Customer Type** selection, only staff can make changes to your **Customer Type**; you need to come into the Game Check Station to change it.

HUNTING LICENSE

To acquire a hunting license, you must take additional steps beforehand (see below), **otherwise you will not be able to see the annual hunting license within your “*Acquire Permits*” webpage.**

Step 1: If you have credentials, you must come to the Game Check Station during our working hours (check our website) to validate credentials with staff. If you do not have a valid access credential, see **Base Access on Page 9.** *Each calendar year*, you will need to return to the Game Check Station and re-validate your access credentials. If validation is expired, you will not be able to check-in or purchase a hunting license. You can see when the base access validation expires on your printed Quantico permit

Step 2: You will also need to complete your **Hunter Safety and Regulations Briefing** within your account. You can access the briefing from your “*Account Home Page*” by clicking **Hunter Safety Brief Validation** within the section labeled “*You have not completed the following safety briefs*”.

Step 3: On the next screen, once you have read the instructions for the briefing, click ***“Start the Briefing”*** at the bottom.

The screenshot shows a web interface for a 'Pre-Hunt Briefing'. At the top, there is a dark blue navigation bar with 'My Account', 'Available Permits', and 'My Safety Briefs'. Below this is an orange banner with 'Monkey Banana / Take Quiz'. A 'Back to Surveys' link is visible. The main content area is titled 'Pre-Hunt Briefing' and contains an 'Instructions' tab. The instructions text reads: 'Attention Marine Corps Base Quantico Hunters, Each individual, regardless of age will need to have viewed a Hunting Safety and Regulation Presentation in their iSportsman account prior to hunting. The Quantico Hunting permit can be acquired after the safety briefing is complete (Open the PDF on the next screen to begin the briefing). You will need to answer the quiz questions correctly to be able to purchase any permits. (703) 784 5523. Good Luck! Quantico Fish and Game Division'. At the bottom of the content area, a button labeled 'Start the Briefing' is circled in red.

Step 4: On the following screen, click the provided link to view the briefing document.

This screenshot shows the same 'Pre-Hunt Briefing' page, but with the 'Hunter Safety PDF' tab selected. The 'Instructions' tab is still visible. Below the tabs, there is a link that says 'CLICK HERE TO REVIEW SAFETY BRIEF DOCUMENT', which is circled in red. The top navigation bar and orange banner are identical to the previous screenshot.

Step 5: In the document that opens, carefully read through all instructions. Once you reach the end of the document, close the tab. This will bring you back to iSportsman, where a quiz will automatically appear on the screen. Complete the quiz and submit by clicking **Submit Answers** at the bottom.

The screenshot shows a web interface for a 'Pre-Hunt Briefing' quiz. At the top, there is a dark blue navigation bar with links for 'My Account', 'Available Permits', and 'My Safety Briefs'. Below this is an orange banner with the text 'Monkey Banana / Take Quiz'. A 'Back to Surveys' link is visible on the left. The main content area is titled 'Pre-Hunt Briefing' and has three tabs: 'Instructions', 'Hunter Safety PDF', and 'Quiz'. The 'Quiz' tab is active. Under the 'Questions' heading, there are five questions, each with radio button options. The questions are: 1. Base access credentials need to be revalidated in-person every ____ years? (Options: 1, 2, 3); 2. While out hunting or scouting, a copy of vehicle pass must be displayed on vehicle dashboard? (Options: True, False); 3. Buckshot can be used while hunting at Marine Corps Base Quantico? (Options: True, False); 4. You can checkout of training area while still in the woods? (Options: True, False); 5. Reservations can be made on day of hunt? (Options: True, False). At the bottom of the quiz area, a red button labeled 'Submit Answers' is circled in red.

Step 6 (optional): For deer hunters interested in archery hunting on **Mainside, OCS, or Camp Upshur**, you will need to follow a similar process to complete a separate **archery safety brief** before you can hunt deer in the fall with a bow. You will also need to pass an archery skills test at the archery range ([check our Alerts/News page on Quantico iSportsman homepage for when this is offered](#)). Please complete the online **archery brief** before taking the qualification test.

VEHICLE AND OTHER ACCOUNT UPDATES

Step 2: On the next screen, click on “**Manage Account**” button

Step 3: On the next screen, scroll down to the Vehicles section, and click the “**+ Add New**” button to add a vehicle to your account. Later, if you need to delete an outdated vehicle, click the “**delete**” link to the far right of your listed vehicle’s information

Step 4: When you add a vehicle from the “+ **Add New**” button, you can make it the default vehicle so that it will print on your vehicle pass by selecting the “**Is Default**” box

The screenshot shows a 'Vehicle' details form. The form includes fields for Vehicle Type, Year, Make, Model, Color, Plate Number, and Plate State. At the bottom of the form, there is a checkbox labeled 'Is Default' which is circled in red. The 'Save' and 'Close' buttons are located at the bottom right of the form.

PRINTING LICENSE & VEHICLE PASS

To print your base license (hunting, fishing, etc.) along with your vehicle pass, simply scroll down on your home screen in your account and click on the button **“Print Permit”**. A permit page listing all your current permits and active validations will appear, and a second page containing your vehicle pass will also automatically generate so long as you have a vehicle listed in your account. This permit needs to be printed and displayed on the dashboard of the vehicle used to enter base while participating in isportsman related activites.

The screenshot displays a user account dashboard with several sections. At the top right, there is a button labeled 'Checkin / Checkout'. Below this, on the left, is a 'History' button. WATERFOWL BLIND CHECKIN/RESERVATION PROCESS

Waterfowl checkin and reservation differ from other activities in the following ways:

- Reservations begin at **12:00 NOON** (for everyone) **the day prior** – waterfowl reservations are First Come First Served
- Up to **3** hunters can check into each waterfowl blind. However:
 - only **1** hunter can make the reservation for that blind by the “*Waterfowl Blinds – PRIMARY PASS*” activity
 - The other (up to 2) hunters will check into the blind using the “*Waterfowl Blinds – GUEST PASSES*” activity option **the day of the hunt**.
- Reservation holders must still check into their reservation the day of the hunt by 10:00 AM
- Hunters can only check into a *Guest Pass* if they are hunting with the *Primary Pass* blind holder. If the *Primary pass* is taken by someone you are not hunting with, you may **NOT** check into that blind.
 - DO NOT check into open *Guest Pass* blinds randomly.

- If you are hunting waterfowl but not using a designated blind, i.e., jump shooting west of I-95, check into the appropriate activity per the general checkin/checkout, reservations guidelines in the previous section.

TUNDRA SWAN CHECKIN REQUIREMENTS

Tundra swan hunting requires an individual Quantico Tundra Swan Permit. Tundra swan permit is acquired by presenting the Game Check station with the hunters' state tundra swan hunt permit.

Hunting will be permitted in all counties and portions of counties lying east of I-95 and south of the Prince William/Stafford County line in Chopawamsic Creek at Quantico Marine Corps Base. This effectively limits the usable blinds to Blind 1, 2, 3, D, 9, and 10.

LUNGA PARK ACCESS AND BOATING

Those wishing to launch a boat (less than 20ft. for inland Quantico waters) for any purpose must have base access credentials and must possess a base fishing permit or Lunga Park boating permit through their iSportsman account.

Gas-powered boats (not jet-skis) are permitted in tidal waterways (Quantico Creek, Chopawamsic Creek) but are **NOT** permitted at Dalton Pond, Smith Lake, Lunga Park, or Breckenridge Reservoir.

Those wishing to access Lunga Park for **RECREATIONAL BOATING ONLY** will add a free Lunga Boating Permit to their iSportsman account. However, you must also get a **launch pass** from Lunga Boathouse at the park before signing into iSportsman and launching (see Lunga Park website quantico.usmc-mccs.org/modules/media/?do=inline&id=28621ab4-59dc-4498-8453-e58b9b9cca3a&v=1)

*The Lunga Boating Permit on iSportsman will allow users to access Lunga for recreational boating ONLY without needing a base fishing license. If you plan to ***fish from a boat***, you must first sign in with the Lunga Boathouse at the park and get a launch pass

All state requirements for boat registration and fishing licenses apply to Quantico in addition to base fishing permit requirements (or base boating permit if just boating on Lunga). There is no additional boat registration required for Quantico.

**If you plan to fish on the Potomac River from your boat (only launch access is from Hospital Point), you must have an appropriate Maryland state fishing license.
