No motorized vehicles allowed on trails.

Along the Arboretum trails you will find that some of the trees and shrubs have markers identifying their common and scientific names. Some of these markers go into more detail and summarize a few interesting facts about the host plant. These trails are intended to be a source of recreation and educational opportunities for the entire Marine Corps family. Enjoy yourself and see what you can discover. Arboretum trails are designated with an (A) in the above lists.

The woods traversed by these trails may contain UNEXPLODED ORDNANCE (duds) which are dangerous and must NOT be REMOVED or DISTURBED. If dud munitions are found, mark the area with rags or other means and immediately report the location to PMO at 703-784-2251.
